- ◇ Michigan Energy Options
- ◇ Consumers Energy
- ◇ Michigan Interfaith Power & Light

Free food!

Enjoy a free breakfast and have the chance to win a free energy assessment from Michigan Energy Options!

Partners:

Workshop Information

The Faith-Based Energy Efficiency Workshop will bring together and inform facility managers and building committee members throughout the communities of Lansing and East Lansing. Participants will receive tips on how to improve the efficiency of their buildings and guidance on utility-offered efficiency incentives and programs.

Workshop participants will also have the opportunity to receive a free energy assessment of their building performed by experts from Michigan Energy Options.
